

Endless™ Pools Essential Package

The Original Endless Pool is our best-selling modular system and features our signature Hydrodrive™ current. This world-renowned design creates a consistent, gentle current that is wider than your body, with fully adjustable speeds for all levels of swimming and low-impact resistance exercises. This compact pool is designed with configurable panels to make it easy to install almost anywhere – even indoors. The Essential Package is a value-priced kit complete with some of our most popular options. This package is shipped without skirting and coping, giving you the flexibility to finish the pool with the material of your choice or install in ground.
